Who Can Join?

To join Maps Credit Union, the Business or Non-Profit organization must meet eligibility requirements. An organization located within the Willamette Valley Basin is eligible for membership. In addition, a Business or Non-Profit organization that is composed of individuals who are eligible for membership, or whose employees are eligible for membership, may be admitted to membership in the same manner and under the same conditions as individuals.

Registration of Business

Most businesses, non-profit corporations and political organizations are required to file proper organization documents with the State. A business name must be registered with the State of Oregon Corporation Division if the “real and true” name of each person who is carrying on the business is not disclosed in the business name. A “real and true” name means the first name, middle name or initial, and last name of each business owner. It is the business owner’s responsibility to maintain an active business registration. The Credit Union will verify the registration and status of all businesses/organizations through the Corporation Division website before opening an account, negotiating items payable to the organization or performing other types of transactions.

Identification

All authorized signers on the account must provide their SSN, valid photo identification and a valid second piece of identification.

Taxpayer Identification Number (TIN)

Most businesses are required to obtain a TIN prior to opening a business account. This can be obtained through the IRS. If you are unsure whether your business needs a TIN, please contact your tax advisor or the IRS.

In addition to the Registration, Identification and TIN, we must have documentation that shows ownership and specifically states who has the authority to conduct business and financial transactions. If the documents do not specify who has the authority to conduct business, Maps can provide a Resolution of Authority form. The Credit Union reserves the right to require additional documentation at any time as deemed necessary.
